PROFESSIONAL SUMMARY

Data Analyst and Computer Engineering undergraduate (2026) with hands-on experience in building end-to-end data pipelines and interactive dashboards. Microsoft Certified (PL-300) in Power BI, with a strong technical foundation in Python, SQL, and Machine Learning. Proven ability to translate complex datasets into actionable business insights, demonstrated through a successful internship at Infosys Springboard and production-grade deployment of analytics applications on AWS.

TECHNICAL SKILLS

- **Programming & Data:** Python (NumPy, Pandas), SQL (advanced queries, window functions), Advanced Excel (PivotTables, Power Query), Jupyter, VS Code.
- **Statistics & Analysis:** Descriptive statistics, Inferential statistics, Hypothesis testing, A/B testing, Time-series analysis, EDA, Data cleaning & wrangling.
- **Machine Learning:** Regression, Classification, Clustering, Feature engineering, Model evaluation, Hyperparameter tuning, Scikit-Learn, XGBoost, LightGBM.
- **Data Engineering:** ETL design, Data modeling, Apache Spark, Apache Airflow, Batch processing, Data pipelines, PostgreSQL.
- **Databases:** MySQL, PostgreSQL, NoSQL (MongoDB), SQL performance tuning, BigQuery / Redshift concepts.
- **BI & Visualization:** Power BI (PL-300 certified), DAX, Power Query, Tableau, Dashboard design, Storytelling.
- **Deployment & Cloud:** AWS (EC2, S3, RDS), Azure (AZ-900), Flask, Docker basics, CI/CD concepts, Git/GitHub, MLOps basics.
- **Business & Governance:** KPI definition, Stakeholder communication, Data quality checks, Privacy awareness (PII).

WORK EXPERIENCE

Data Visualization Intern Sep 2025 – Dec 2025
Infosys Springboard, Remote

- **Engineered** an advanced Power BI dashboard to analyze Global Tourism data (ETL, DAX); selected as the top design in the initial phase for superior data modeling and visualization.
- **Developed** a scalable Flask web application to embed the dashboard, integrating Python analytics; the solution was chosen to represent the entire batch of 20 interns.
- **Led** the final stakeholder presentation and technical walkthrough, orchestrating the live demo of AI-driven insights.

PROJECTS

Real Estate Analytics

Flask, Scikit-Learn, AWS

- Built an end-to-end data pipeline processing 4,125+ raw listings across 150+ sectors.
- Benchmarked 11 regression algorithms; tuned a Random Forest Regressor via GridSearchCV to achieve an R-squared of 0.90 (22.4% improvement).
- Deployed a production-grade web application on AWS, integrating the serialized model pipeline with recommendation engines.

Tourism AI

Flask, Power BI, Python, SQL

- Architected a refined preprocessing pipeline with normalization to optimize global datasets.
- Developed three interactive dashboards for 232 countries using heat maps and scatter plots.
- Implemented a unified analytics platform by embedding interactive Power BI dashboards into a Flask web application.

Weather Data Integration Pipeline

Apache Spark, Airflow, PostgreSQL, Flask

- Engineered an end-to-end ETL pipeline to extract raw weather data from the OpenWeatherMap API, leveraging Apache Spark for large-scale data transformation.
- Orchestrated automated workflows using Apache Airflow to schedule daily ingestion jobs, demonstrating production-grade data pipeline skills.

EDUCATION

B.E. in Computer Engineering

University of Mumbai

Aug 2022 - May 2026

CGPA: 8.77/10

HSC (12th)

Fr. Agnel Multipurpose School

Mar 2022 - 67.67%

SSC (10th)

Fr. Agnel Multipurpose School

Mar 2020 - 92.20%

CERTIFICATIONS

- Microsoft Certified: Power BI Data Analyst (PL-300)
- Microsoft Certified: Azure Fundamentals (AZ-900)
- Microsoft Certified: Data Fundamentals (DP-900)
- Udemy: Python for Beginners
- AWS PartyRock Hackathon

CORE COMPETENCIES

- Data Analysis & Mining
- ETL Pipeline Design
- Machine Learning Modeling
- MLOps & Cloud Deployment
- Interactive Dashboards
- Business Intelligence
- Statistical Analysis
- Web Integration

SOFT SKILLS

- Technical Presentation
- Analytical Problem Solving
- Team Collaboration
- Continuous Learning

LANGUAGES

- English
- Marathi
- Hindi
